Description: Original of
changed signed statement
of RUSSELL MEANS.
I, Russell Means, make the following voluntary statement to [redacted] who have identified themselves to me as agents of the FBI. Agent [redacted] has told me the purpose of the interview. No threats or promises have been made.

Late Tuesday night I was contacted to have a meeting with many young people and the date was 5/4/76 in the housing in Wagner, SD. Later that night we were told the meeting place had been changed to the residence next to [redacted] upon arrival there many young people were in the house, all around 18 or 20 years old, and they had been drinking. We noticed they were drinking 3.2 percent beer. After sitting down and talking to them as to the Indian-White relationships, etc. and what should be done, it was around midnight. I had in 1974, with [redacted] his friends, had and subsequently had. Subsequent friends had

In view of this we told everyone there
better leave or there would be trouble.

We continued our discussion. Some of the young guys pulled out a .22 rifle and a. 22 caliber pistol. We, Thomas, I assume, was still in the house so we thought we'd better leave. We got up to leave and had what I believed to be .22 caliber rifle and had what I believed was a .22 caliber hand gun. At that point, kept us in the house at gunpoint for a while and they were making fun and poking at us. Someone then said, "take them out of the house, we can't do anything to them in the house." They then marched us out of the house at gunpoint to the driveway opposite the house just prior to this and cocked their guns so I knew they weren't fooling around. After forcing me to sit on the driveway they began to kick me and then made a run for it to get help. At this point had two revolvers in his hand, both cocked, said you take care of him and I'll get this one meaning as he backed away across the...
I ran street onto the grass and had the rifle pointed at me. I heard a shot and I was hit by another shot but I don't know who fired it. I called for help, I crawled to the residence, I came to my aid and the next thing I recall an ambulance came.

I don't know why they shot me except for the fact that they are against AIM and the family and that I dislike them. I think they set me up and I think had something to do with it. And I knew we were having a treaty meeting with the superintendent and that it was a set up.

I don't recall any other shots being fired except the two. I believe we were meant to be killed. Earlier that night there had been firing around the house. The night before they had been firing around the house. By the way, earlier that night a young fellow shot a shotgun which
almost hit me. The shotgun blast went within six inches of my face. We were calling the man in the house. I feel I could positively identify and in court. He was about 6'1", slim, wavy hair, shoulder length, around 31 years of age, sharp features in the face. He was short, stocky, baby face, slight mustache, very young and innocent looking, with shaggy hair but not as long as had black hair; I think had dark brown hair.

I now sign this statement that consists of four pages. Russell Means

Signed Statement of
Yankton, SD
5/11/76

I, make the following voluntary statement to and
who have identified themselves to me as
agents of the FBI. Agent has advised me as to the purpose of the interview. No threats or
promises have been made.

Tuesday night, 5/14/76, I went to a community meeting in Wagner, SD, with Russell
Means. Later we were invited to a private meeting at Wagner, SD, to discuss
the legal aspects of the second takeover of
the pork plant. The meeting was to take place
at 10:30 pm at which is across the street from

When we arrived we met some people
in came, but we did not know these people.
These people said the meeting would be at
the residence which is across the
street from the residence and next to
the residence.

We were invited into the residence. I do not know what owned the house.
The time was in between 11 and 12 pm. Most of the dealing was with Means.
We first sat in the kitchen area.
There was beer in the area. We did notice
it was 3.2 beer. They started to discuss
with Means how he (he believes it)
One of the individuals there was asking Means' advice. Suddenly, they showed up. He and Means were disturbed as they felt they could not talk with the present. Means and one of Means' left and the discussion continued.

There were other individuals. The discussion continued with a guy named [name]. I did not previously know him but I knew them now. I saw the Sioux City, Iowa, newspaper, last Thursday. The newspaper showed four individuals on the front page. I saw the four pictures and the one was one of the men in those four pictures. The story in the newspaper was with regards to me.

I was there Tuesday night to try to put together a package on the Sundance and the treaty convention.

There was a smoky atmosphere in the kitchen and there was arguing so I left to go outside to get some fresh air. I was outside for ten or fifteen minutes and then I heard a shot coming from inside the house.
The shot sounded like a shotgun. I ran back inside as Means was still inside. There was still confusion inside. I then went outside again. Means stayed in the house. I went and sat in a car which was parked in front of the residence. There were outside and they came over and jumped into the

I do not know last name

but their first names were

and

I then noticed two people marching Means out of the house at gunpoint. One had a rifle and one had a handgun. Means was close to Means and he had the handgun. The man with the rifle was

As they came out of the door, they took a right and saw us in the car, and saw us with the rifle. I believe there were two shots. I was in the drivers side of the car. The but I couldn't believe it. The

I believe they took off. I then got out of the car. I then stuck a handgun into my

with a rifle marching Means across the street to the front of the
Means was on the ground, his back was to me and said, "Get the keys out of the car." I got the keys and opened the back of the vehicle which was a station wagon, told me to empty the wagon. I grabbed everything at the rear of the wagon and threw them onto the street. Then made me lay down in the "spare tire" and told me to spread eagle. You son of a bitch, I'll kill you."

I then heard a shot go off. I woke up in the street, aiming it at Means.
and I heard Means mean. I heard them say "did you kill him, did you kill him?" Then ran over to Means and said "I ought to shot you, you son of a bitch." I said "hey man, what's going on, we're not even from here?" I had my hand up, had the rifle pointed, said "put your hands down. I ought to kill you, you son of a bitch." Then moved back and said again "I ought to kill you, you son of a bitch." I then heard a shot and the rifle was a .22 but I'm not sure whether it was a pump or lever action. I was still awake I heard them out there. I knew and didn't want to move while they were there. Then heard them drive away. At this point I heard Means yelling "I got up and ran and beat on the window where was sleeping. I heard wife said go to the back. I do. I went to the door and they let me in and I said "Russ I would like to backtrack."
I heard one of them say "let's go, let's get out of here."

Several other people then first went to the Wagner hospital, then to the Sacred Heart Hospital in Yankton, SD, and I am sure and I would be willing to testify to that.

We were introduced to the people at the get-together that night, previous to the shooting, but I don't recall the other names.

I would like to backtrack again. As they marched means out of the house, there was a third man, whom I cannot identify, standing by the corner of the house. The man had a shotgun and stood there as though he was a cover.

I have read this statement of six (6) pages and it was true to the best of my knowledge.

1A ☐
I, Russell Means, make the following statement which I have signed.

In view of the fact that everyone there had been drinking and what should be done, Howard and some of his friends, and myself went into the kitchen. We noticed they were drinking beer. After sitting down and talking to them as if the Indian white relation ship had been drinking themselves.

The house was full of young people in the house, all around 18 or 20 years old, and they had been drinking. I warned the meeting place had been changed to the residence of the meeting. Upon arrival the next day, we were told the meeting place had been changed to the residence of Wagner, 30.

Late that night I was contacted by two FBI agents who have identified themselves to me as agents of the FBI. They appear to be from the FBI.

No threats or promises have been made.

The date was 1/16/73. Later that night the meeting was held. The office of the FBI.
We continued our discussion. Some of the boys riled out a J22 caliber rifle and they were gunpoint for a while and poking at us. At the point that I believed we had what he believed to be an automatic rifle and they were shooting us out of the house, we couldn't do anything to them. Then, I said, 'take them out of the driveway, we can't do anything to them and march to the house.' They thought I was mad, but I didn't know what else to do. They weren't shooting me, but they weren't helping, either. I asked them to kick me out, and they forced me to sit on the driveway. At that point, I knew I had to leave, and I leave the house and they were left behind. We got out and I believe the house was destroyed.
